The Foundation is proud to feature the winners of this year's national "Life Behind the Cones and Barrels—How Roadway Workers Keep America Moving Poster Contest" program in our 2010 Work Zone Safety Calendar. We want to reduce the number of work zone fatalities each year and education plays a big part. Our poster contest is a way to capture a child's enthusiasm and spread the message of "Safer Roads, Save Lives." And remember: The life saved may be that of someone you love.

In 2007, 835 people lost their lives in work zone accidents—most of them drivers. The Foundation works to raise awareness of work zone safety. Students in kindergarten through sixth grade (K - 6) are invited to submit their impressions of the daily life of America's roadway workers.

To order the calendars, please complete the order form at the right. All proceeds from the calendar sales benefit the Foundation programs.
