

The U.S. Department of Transportation's (DOT) Research and Innovative Technology Administration (RITA) and Federal Highway Administration (FHWA) are pleased to announce the selection of Ms. Shelley J. Row as Program Director of the Intelligent Transportation Systems (ITS) Joint Program Office.

Since 2003, Shelley has served as the Associate Executive Director for Technical Programs at the Institute of Transportation Engineers (ITE). Prior to joining ITE, she worked for almost 16 years with the FHWA in both Headquarters and the field. Shelley served as a Transportation Engineer in the FHWA's North Carolina, Arizona and California Division Offices, and as an Engineering Systems Manager in the Agency's Georgia Division. While in FHWA Headquarters, she served as Travel Management Coordinator, ITS Deployment Team Leader and Director, Office of Transportation Operations. Prior to working with FHWA, she spent 4 years as the Highway Safety Construction Team Leader for the Texas Department of Transportation.

Shelley has bachelor degrees in Civil Engineering and Architecture from Texas Tech University and an MBA in Management from Virginia Tech.

If you have any questions, please contact Paul Feenstra in RITA's Office of Governmental, International and Public Affairs at (202) 366-4792 or by email at paul.feenstra@dot.gov.
