

**American Traffic Safety Services Association
National Association of County Engineers &
International Bridge, Tunnel and Turnpike Association**

co-hosted the following Workshop & Webinar:

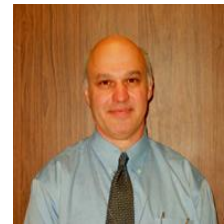

**Overview of the 2007 Notice of Proposed
Amendments to the MUTCD**

February 11, 2008 10:00-11:30 a.m. CST

This webinar will provide an overview of the significant changes proposed for the next edition of the MUTCD. The presentation will cover the Introduction and all parts of the MUTCD.

The purpose of this webinar is to familiarize users of the MUTCD with proposed changes being considered for the 2009 Edition and generate interest and comments to the Federal Register docket.

Speakers:

Hari Kalla is the MUTCD Team Leader in the Office of Operations in the Federal Highway Administration's Washington, DC headquarters. Before this position, Hari was a team leader in the FHWA's Office of Safety.

Ken Wood is presently a Traffic Operations Engineer with the Operations Technical Service Team in the Federal Highway Administration's Resource Center. Ken is a member of the FHWA's MUTCD team and responsible for Part 6 of the manual.

This presentation is available on CD-ROM

ATSSA, NACE & ITBBA Members : \$29.95
Non-Members \$49.95
